Re: APPLICATION FOR PUBLIC ACCESS TO RECORDS

Freedom of Information Officer:

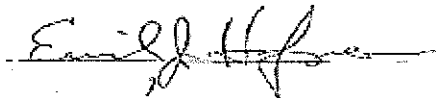

Pursuant to the State of Illinois Freedom of Information Act (ILCS 140), I hereby request the following records:

- (1) Copies of all contracts, including modifications or amendments thereto, for the license or lease or rental of property owned by the Village of Elmwood Park for the location of cellular communications equipment including cellular antennas and/or equipment sheds on such property.
- (2) If the Village of Elmwood Park has constructed a flagpole antenna, or monopole structure, or other tower structure for the location of cellular communications equipment after January 1, 2001, we request access to inspect the records relating to the construction and/or installation of such structure, including the budget, the construction contracts for all prime contractors, the date of commencement of construction and the date of substantial completion.

To reduce the usage of paper, we prefer that you provide the documents in electronic formats, preferably PDF files wherever possible. If possible, please email the files to [EHafner@benchstrengthpartners.com](mailto:EHafner@benchstrengthpartners.com).

If, for any reason, you choose to deny this request, please state the reason for the denial within five business days and provide me the name of the person with whom I may file an appeal. If you have any questions about my request, please call me at (516) 780-0445, Ext. 717.

Best regards,

Emil Hafner
