Subject: FOIA request

Dear Ms. Sutter,
This is Bob Herguth with the Better Government Association, a non-profit civic watchdog that engages in journalism in the public interest.
Under the Illinois Freedom of Information Act, I have a request for documents.
Specifically, I would like copies of any and all contracts, subcontracts, invoices and payments made by the Village of Elmwood Park to Forte Plumbing from Jan. 1, 2005, to present day.

To be clear, I want to know how often this company has been used by the village, for what purposes and how much it has been paid during that time frame.

If there are any questions, please reach out.

I ask that any fees be waived as the law allows. I ask that the documents be conveyed electronically, via email to this email address.

Or, if the request is voluminous, I am willing to come to your offices to review the paperwork.

This information is for a possible news story.

I appreciate your cooperation.

Sincerely,

Bob Herguth
