They also recognize the delays, expense and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER, and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER pursuant to Section 108.09 of the STANDARD SPECIFICATIONS for the time that expires after the specified completion time until the Work is completed and acceptance by the OWNER. OWNER is entitled to and will deduct these costs from any monies due or that may become due the CONTRACTOR.

ARTICLE VI - OTHER REMEDIES

The aforementioned liquidated damages apply only to delays in CONTRACTOR'S performance. OWNER retains all other available rights or remedies available under the Contract Documents or at law or equity, including but not limited to compensatory, consequential and punitive damages, if applicable, for other breaches under the Contract Documents. CONTRACTOR shall be responsible for and pay for any and all of OWNER'S attorneys' fees and/or costs incurred in or arising from the enforcement by OWNER of the terms, conditions, and provisions contained in the Contract Documents against the CONTRACTOR.

Application for Payment and Waiver of Lien. The CONTRACTOR shall submit a partial payment estimate and partial waiver of lien acceptable to OWNER not more than once each month and in accordance with the Contract Documents. The estimate will cover the Work performed from the previous estimate until issuance of the current partial payment estimate. The partial payment estimate must be supported by such data as may be required by the ENGINEER. Upon OWNER'S and ENGINEER'S approval of the partial payment estimate and partial waiver(s) of lien, the OWNER agrees to make payment. The OWNER shall retain ten (10) percent of the amount of each payment until final completion and acceptance of all Work covered by the Contract. The retainage may be reduced at the discretion of the ENGINEER.

Upon completion of all the Work and approval thereof by the ENGINEER, a final payment estimate will be prepared by the CONTRACTOR. Upon OWNER'S and ENGINEER'S approval of all final payment estimates and final waiver(s) of lien, the OWNER will, within thirty (30) calendar days, pay the CONTRACTOR the final payment on the basis of the approved final payment estimate. The acceptance by the CONTRACTOR of final payment shall constitute a release and waiver of any and all rights and privileges under the terms of the Contract, and shall relieve the OWNER from any and all claims or liabilities for anything done or furnished relative to the Work or for any act or neglect on the part of the OWNER relating to or connected with the Contract. Any payment, however, final or otherwise, shall not release the CONTRACTOR or his sureties from any obligations under the Contract or the Performance, Payment and Maintenance Bond.

Neither the failure nor any delay by any party in exercising any right, power or privilege under the Contract Documents or the documents referred to therein will operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power or privilege will preclude any other or further exercise of such right, power or privilege or the exercise of any other right, power or privilege.

IN WITNESS WHEREOF, the parties hereto have caused this Instrument to be executed in four original counterparts the day and year first above written.
