

## MEMORANDUM

DATE: July 28th, 2015

TO: Affected Residents of Elmwood Park  
(Sunset Ave)

FROM: Daniel Schroeder

SUBJECT: Flood Mitigation Project

On behalf of the Village of Elmwood Park, I would like to take this opportunity to inform you that the contractor, Cerniglia Co., is scheduled to begin work on your street this Thursday July 30<sup>th</sup>. The proposed work to be done in and around your residence is as follows:

1. Install new water main on the south side of the street with new water service lines up to the parkway.
2. Install new Sanitary Sewer where required.
3. Install storm sewer with new catch basins and manholes.
4. Replace sidewalk and curb/gutter damaged by the contractor
5. Patch and resurface the street from 80<sup>th</sup> Ave to Diversey Ave
6. Landscape restoration.

**During construction, only eastbound traffic on Sunset will be permitted to travel between 80<sup>th</sup> Avenue to Diversey Avenue.** Westbound traffic will be diverted north of Sunset to Wellington Avenue. The contractor will install detour signs and no parking signs to appropriately coordinate traffic and parking restrictions on Sunset Avenue. Note that parking restrictions will change according to the stage of work being done, please pay attention to the posted signage and park accordingly.

When excavating for water service connections in the parkway, it is important for the contractor to know if a sprinkler system will be present. If you have a functioning sprinkler system, we ask that you locate the sprinkler system outside of your residence and notify me at the number below.

There will be several brief periods when you will be without running water while the contractor makes new connections to the water main. You will be notified 24 hours prior to any water shut off.

We apologize for any inconvenience this may cause. If you have any questions, please contact Dan Schroeder at 224-315-0185.
